START
My **response** variable is:
Response variable
Explanatory variable
CATEGORICAL
CONTINUOUS
My number of **explanatory** variables is:
1 variable
2 or more variables
Chi-square Goodness of fit test
Chi-square test of independence
My number of **explanatory** variables is:
1 variable that is:
2 or more variables that are either:
Categorical with 2 groups
Categorical with more than 2 groups
Continuous
t-test
1-way ANOVA
Relationship has:
No causation
Causation
Correlation
Regression
Both categorical
One is continuous and one is categorical
2-way ANOVA
ANCOVA
